

## DATE IS SET FOR THE TOWN BY-ELECTION

**Nomination Oct. 30th, Election the Following Monday—Constable Roberts Submits Report—Is Relieved of Collecting Accounts.**

The regular meeting of the town council was held in the council chamber last Monday evening. Mayor Bost occupied the chair and the following members were present: Councilors Lydiatt, Lavelle, Oates and Broughton.

The question of the vacancy in the council was introduced and a by-law setting the date for nomination, day and appointing Wm. Henderson as the returning officer, as well as several readings and passed. The by-law designates Monday, Sept. 30th as nomination day and should an election be necessary the same to be held the Monday following, Oct. 7th, in Crowe's hall, from 10 a. m. till 7 p. m.

Mr. Lydiatt wrote the council asking for permission to canvass the town for officers for enlarging pictures. The clerk was instructed to inform Mr. Lydiatt that the fee for such a privilege would be \$100.00.

Geo. Moses, engineer at the pumping station wrote asking for an increase in salary. The council was referred to the finance committee to investigate and report at next meeting.

Constable Roberts submitted a report which reviewed the work done in his department since he took office. He also drew the attention of the council to some vacant houses in town in which the doors and windows were left open. This, he said, invited petty thefts of gas pipe, fittings, etc., as well as furnishing a rendezvous for hold boys and grown ups for unlawful purposes. The constable asked to be relieved of the work of collecting the garbage and cost per ton bills, as this was not mentioned in his list of duties when he was engaged. He also drew attention to some needed repairs on the pound.

The secretary was instructed to notify the owners of the vacant houses and request that they have same made secure from trespassers. Council also decided that in future the garbage bills be sent out from the secretary's office. Instructions were also given to have the needed repairs made on the pound.

On behalf of the Civic Improvement League Council advised the committee for the surveying of the cemetery plot as undertaken by the league. Councilors Lydiatt and Lavelle were appointed to see that the work with the league in completing arrangements for the carrying out of the plans undertaken by the league.

As there was no further business done before the meeting council adjourned.

## Allies Over the Crest Says Foch

In an interview with newspaper representatives Marshal Foch said: "The British army is better than ever. Fight better than ever. All the issues have been made good and it is a more splendid army than it has been before."

"The Americans are splendid and wonderfully gallant in the field. Ten thousand French Americans arrive in France every day."

"The French army is the same good old army that it was in 1914. More than ever it is to be said."

In discussing the general situation the marshal said: "The enemy is shaken up and shaken down, but is still holding out. You must not think that we shall get to the Rhine immediately. We have passed over the crest and are now going down the hill. If we gather impetus as we go, like a rolling stone, no such the better."

Serious food riots continue at Salzburg, according to Munich papers. Riots, attached to the government, broke out and broke down the doors, whereupon the Gendarmes fired, killing or wounding several. Riots have been looked for, for a long while and army stores plundered.

## Farwell Evening For E.L. Aultman

When it was learned that Mrs. E. L. Aultman intended leaving town, a number of his most intimate friends got up a little impromptu dance in the hall last Friday evening as a farewell send off. About thirty couples were present and the guest of the evening was kept fairly busy in his endeavor to get in a farewell dance with all the ladies present.

During the evening E. L. Stone, on behalf of those present, expressed regret that circumstances made it necessary for the guest of the evening to leave town. He took advantage of the opportunity to refer to Mr. Aultman's career in Redcliff and said he considered him one of our best citizens. His broad-mindedness, his consideration for others, his strict attention to his own business and his habit of always discouraging idle gossip were touched upon as characteristics which led to the popularity of the guest and the reason he left behind him nothing but friends. Kindred remarks were also extended to Mrs. Aultman and the wish expressed that both might enjoy a long, happy and prosperous life in their new southern home.

In thanking those present for their kindness Mrs. Aultman said she regretted leaving Redcliff and that she would always have pleasant recollections of the many pleasant times spent among his friends here.

Mr. Aultman left on Tuesday morning's train for Ohio where he is on a short visit before going on to California.

## Farmer Soldiers To get Leave

Registrar Carlson's office specially drew to point out that farmers who have been granted exemption until Nov. 1 should not attempt to discontinue their business in the belief that they will be called for military service at the expiration of that time. It may come to the officials' knowledge that such has been the case in some instances.

The date specified is only for review purposes. It should be clearly understood that if a farmer can prove on November 1 that he has been a producer he will be allowed a further exemption until June, when he will have to report to the registrar his progress for the season.

## Government Crisis In Germany Critical

The government crisis in Germany is approaching a decisive stage, according to the London Standard. A majority of the parties are firmly resolved to form a preliminary government without delay, a government which in order to maintain its headquarters will pursue a policy made necessary by the seriousness of the hour.

The Socialists have declared their readiness to enter the new government under the following conditions: First, the abolition of certain paragraphs in the constitution.

Second, the entry of at least two or three Socialists in the government, and Third, the occupation of one important political post, presumably the ministry of the interior by Socialists. For which Friedrich Ebert, president of the main committee of the Reichstag and vice-president of the Social-Democratic party is the foremost candidate.

## Russia Appeals Against Bolshevik Terrors

At a recent meeting of members of the Russian drama and the Russian imperial court at Kiev it was resolved, says a telegram from that city, to issue an appeal to the public opinion of Europe and all governments to put an end to "the Bolshevik terror."

The Ukrainian council, the dispatch adds, has decided to send a protest to all countries against the arrest and shooting of Ukrainian subjects in Russia and the "inhuman" form of political struggle now existing. The appeal will ask the various governments to associate themselves with the protestants. The Ukrainian government also has decided to ask Germany to undertake the protection of Ukrainian Russia.

## SCHOOL NEWS

The annual teachers' convention of Southwestern Alberta, which will be held in Medicine Hat on November 7 and 8, will be especially interesting this year as an exhibition will also be held on these days. School work will be the outstanding feature, as it is hoped that the work of the Redcliff children will occupy a prominent place. It is expected that a raid will shortly be made on the bug and beetle domain, as all the best nature study specimens that can be had will be required. The growers are kindly requested to keep an abundant supply of soil on hand, for the old saying says that the insects are a good deal more delicate after a liberal quantity of this mineral has been sprinkled over their trails.

Map work, composition, art work, paper folding and penmanship will be on exhibition. Now you pupils, get busy and show your teachers what you can do along these lines. The managers of the various industries of Redcliff and Medicine Hat will exhibit their work, showing what work process is now material process before it becomes manufactured product. All persons who are interested in the work of thing should not fail to attend.

To satisfy the activities of the school girls' basketball team have been chosen. They are backed up by some more yelling, followed by some more yelling, and then topped off with a few hearty cheers for good men, should be heard during a game from the school house, nobody need be in the least alarmed. It is not a Hun drill, no, it is merely the girls having a little game after a hard day's work in the school room. Mary Dunnett and Corneille Ratiff have been chosen captains. They are backed up by girls with excellent looks and made of the right "stuff."

It is therefore certain that the "will" delivers the goods, and deal out some lovely games to citizens who are fond of wholesome sport.

The media from the towns of Mr. Klink and Mr. Warren are eagerly looking forward to the time in the near future when a Literary Society will be started. If each will but do their share it should not take long before everything is in full swing. This will be very helpful to the scholars and at the same time it will give them something to look forward to.

Mr. Stone has kindly offered to organize a "Glee Club" for the purpose of teaching the girls choruses for the literary program. Everything is now going fine at school. The children are very active. So much so indeed, that they have not even had time to stare at the new arrivals, though about eight have started in during the past few days.

Another English-speaking unit was delivered against the German desire before St. Quentin today. Reports received up to 2 o'clock this afternoon indicated that the allied attack was meeting great success.

In the region west of St. Quentin the British troops have carried out a successful operation over a front of four miles from the Ombrois river south, and taken about 600 prisoners, according to Field Marshal Haig's communication issued tonight.

West of St. Quentin the French troops, in conjunction with the British, captured the German line of L'Epine de Dallon and the village of Dallon. More than 500 prisoners and

A number of ladies from the St. Ambrose W. A. G. Club, gave Mrs. C. G. a surprise last Friday evening when they called on her in a body to spend the evening. Mrs. C. G. has been very busy with her work and the surprise party was a most successful one. A number of guests were present and a very pleasant evening was spent.

## Allies Continue Advancing on On All Fronts

War news started off this week with reports of renewed activities on the Palestine and Macedonian fronts and in both cases the allies made considerable gains and took large numbers of prisoners and munitions. The following are the daily reports:

**SUNDAY.**  
British troops in their drive north through Palestine already have counted 18,000 Turkish prisoners and have collected 12 guns, according to an official statement given out by the British war office.

Serbian troops pressing the Bulgarians and Germans in Central Macedonia advanced more than 20 miles and are now within four miles of the Ustka-Sabliki railroad, the main artery for the transport of the Austro-German and Bulgarian forces opposing the British and French armies on the Serbian front.

An official dispatch from Serbian general headquarters at Saloniki received today by the Serbian legation in London said that the Serbs captured 10 villages and 12 guns and now are several miles to the north of the village of Kavadar. Fresh Bulgarian and German troops are being concentrated to reinforce the enemy lines.

Field Marshal Haig's troops last night smashed into the German line at four distinct points on the western front. Near Gavrelle, north of the Scarpe, the British advanced on a two-kilometer front. East of Epehy the British captured several organized points of resistance, according to today's official statement.

**MONDAY.**  
Gen. Debeny's troops continued to advance toward the Lofere river, south of St. Quentin today. They reached Loosby, the Loosby farm and the Vennell Forest, which is only 1,000 yards from the road and about a mile from the river.

On the French drive toward the Hindenburg line, around St. Quentin, the Germans multiply their efforts to keep their front. Near the Scarpe, the British appear to be organizing a defensive system on the line of high ridge which runs parallel to the Hindenburg line, from east of Heloux to Hill 123, south of Heloux and thence through Hill 139, east of Sargy wood, to the road from the road from Ham to St. Quentin. This line is being feverishly fortified against tanks with mine fields. The eastern slopes of the heights are utilized to shelter troops which appear to be quite dense there. A system of communicating trenches has been dug to permit the circulation of reinforcements and the bringing up of supplies. Gen. Debeny's men are now in contact with lines of reinforcements and they continue to advance, notwithstanding the formidable fortifications and the energetic resistance of the enemy's infantry.

**TUESDAY.**  
British forces are pressing in on St. Quentin directly from the west. A day's report from Field Marshal Haig shows. He reports fighting taking place to the British advantage and continues progress by the attacking forces in the region east of Verdun.

On the front west of Cambrai, in the region north of Moeuvres, the British captured the German line in the Arras-Lens sector the Germans tried to drive the British from their positions at Gavrelle. The enemy was completely repulsed, the British retaining their line intact.

In Flanders, British troops succeeded in pushing forward and occupying a portion of the old British line south-east of Voormezele below Ypres.

**WEDNESDAY.**  
Another English-speaking unit was delivered against the German desire before St. Quentin today. Reports received up to 2 o'clock this afternoon indicated that the allied attack was meeting great success.

In the region west of St. Quentin the British troops have carried out a successful operation over a front of four miles from the Ombrois river south, and taken about 600 prisoners, according to Field Marshal Haig's communication issued tonight.

A large number of machine guns were taken in the operation.

The British have captured a German strong position northeast of Epehy, which had resisted for several days.

Between the Varvar river and Lake Dolan, on the eastern end of the Varvar, according to an official statement issued this evening by the British war office. As the result of the heavy pressure of the enemy allied forces, the enemy has evacuated the whole line from Dolan to a point west of the Varvar.

**THURSDAY.**  
Developments on the Macedonian front today to further disasters for the Bulgarian army, which are fleeing before the allied troops.

The village of Solency, immediately west of St. Quentin, has been taken by the British, according to Field Marshal Haig's communication. On Wednesday night. Renewed counterattacks around Perpet, northwest of St. Quentin, and east of Epehy, were repulsed by the British, the Germans suffering heavy casualties.

## All Americans in Canada to Register

Double registration of all Americans in Canada between the ages of 19 and 44 years; both by the American and Canadian governments, is to take place through the terms of instructions received by American Consul S. G. Kent from Washington, D. C., and by British Consul General J. M. Cagron, for the Canadian government.

Mr. Kent's instructions from Washington state that the registration is to be completed by September 15, 1918, and that the registration is to be completed by September 15, 1918, and that the registration is to be completed by September 15, 1918.

The consul states that all Americans within the age specified are to be registered for the United States military service on the date named, may become liable to the Canadian military service. The evidence of the military registration of any citizen of the United States in Canada, whether registered before or after July 30, 1918, will be his registration certificate and his notice of classification.

All Americans who have registered for the military service of the United States must have this proof in order to be exempt from the Canadian service.

In addition to this registration, all Americans between the ages specified irrespective of whether they have registered for United States military service, must report by registered mail to the Canadian registrar, giving their full name and occupation, date of birth, single or married, or widower, children, residence and post office address.

Americans 21 to 31 years old have ten days after September 20 to report to the Canadian registrar, or until October 31; all other Americans, 19 to 20 and 31 to 44 years old, have from October 1 to October 10 to report to the Canadian registrar.

## A Late Arrival Gets The Prize

It will be remembered that a few weeks ago a good deal of talk was made about the prize offered by the Canadian government for the first Canadian to reach the North Pole. The prize was \$10,000. The Canadian government has now announced that the prize has been awarded to a Canadian who reached the North Pole on September 20, 1918.

## RED CROSS TO HOLD ANNUAL MEETING OCT. 1

Tuesday, Oct. 1st, has been set as the date of the annual meeting of the local branch of the Red Cross Society and the meeting will be held in Crowe's hall at 4 o'clock in the afternoon.

During the past year a greatly increased amount of work was undertaken and successfully turned out by the local branch and the several officers have worked faithfully and hard during the past twelve months. It is hoped therefore, that the people of the town will show sufficient interest in the worthy cause to turn out in large numbers next Tuesday to hear the reports of the various committees and start the newly elected officers off with the encouragement and support which they deserve.

## Bolshevik Treachery Worked in Rumania

The betrayal of Rumania and elaborate advance plans of German and Russian Bolsheviks to take place, crossing and murdering local Rumanians, Russians and Poles are exposed in the following Rumanian secret documents which the American government is giving to the public.

Other instructions of the series are disclosed. Bolshevik leaders, and Trotsky, and their associates were bought by the Germans for millions in gold and encouraged their bloody overthrow of Russia for the benefit of their masters. Now the story is told of how, while the Brunt-Lofore peace conference was still in progress, Bolsheviks were sending hired agents into Rumania to undermine the armistice of Bucharest and the Rumanian army and turn loose the German armies occupied there for service in a great offensive on the western front.

## U.S. Move Against Russian Terrorism

In an effort to align the civilized world against the terrorism in Russia under Bolshevik rule, the United States government has issued a statement to the United Nations in neutral as well as allied countries to ascertain whether the governments to which they are accredited will join in some immediate action to "impress upon the perpetrators of these crimes the overture with which civilization regards their present wanton acts." The proposal is to take steps entirely separate from the conduct of the war (the United Nations register their abhorrence of such barbarism).

## Americans May Register at Hat

The American consul at Calgary has appointed Vice Consul Meade to receive registration in Medicine Hat on Saturday, September 28th. All Americans between the ages of 21 and 31 must register on that date. Other Americans not included between those ages, that is, 18, 19, 20 and 20, and over 31, including those 45 years of age, must have until October 10 to register, but those 45 years of age and over must have until October 10 to register.

## New Map of Northern Alberta

There has been in preparation for some time in the office of the Natural Resources Intelligence Branch, Department of the Interior, Ottawa, a new edition of a map much sought after by prospective settlers in western Canada, namely the Northern Alberta Homestead map.

Persons desiring copies of the map should make application to the superintendent of the Natural Resources Intelligence Branch, Department of the Interior, Ottawa.

## PAY YOUR TAXES.

Another opportunity is now at hand for the tax payers who were unable to pay their taxes on time and take advantage of the ten per cent discount, to save money.

According to the ruling made by the council tax payers who pay their taxes on or before the last day of this month are allowed a seven per cent discount. This will mean a considerable saving to the average tax payer and as there never was a time when the saving of a dollar counts more than it does now, we would advise all to take advantage of the opportunity.

Taxes must be paid some time if you would save your property. After the first of the year a penalty of five per cent will be added on to all taxes then in arrears, so why not take advantage of the discount now offered.

The Review has reasons for believing that the days of the Tax Sale and compromise are passed. They have not been a success so far as the town is concerned, as they do not solve the problem. The time has come when another branch of the machinery of the law must be resorted to and that is the collecting of taxes in much the same way as other debts are collected. This being the case considerable trouble can be prevented and money saved by paying up now.

## POOR ARRANGEMENT.

Judging from the way things were run in connection with the only public meeting addressed by the Hon. A. L. Sifton in his own constituency, the members of the Union Government Executive in Medicine Hat figure they are the whole cheese and that Medicine Hat is the only place in the constituency. However this is perhaps natural, as the old time Liberals and Conservatives now on the executive had the same idea when things were being run on old party lines.

If the whole executive had been consulted when planning for our member's visit to his own constituency we have no doubt that arrangements could have been made to have him stop at several points throughout the riding instead of spending all his time in one place. At least a flying trip to Redcliff, the oldest largest town in the constituency, might also have been arranged, so that he might have had an opportunity of seeing what we are doing and what we are capable of doing as a manufacturing centre to help solve some of the war problems in which he is so intensely interested.

We are not looking for any hand-outs, such as land offices or branch railroads, from Mr. Sifton simply because he happens to be an influential member of the inner circle of the powers that be. We agree with him that this is not the time for such things. Nor do we blame him for the arrangements of his itinerary. At the same time we believe that better results would follow if a member were allowed to take advantage of every opportunity to meet the people whom he represents and become acquainted with conditions in different parts of his constituency.

## THRIFT.

Saving the almighty dollar in order to gratify one's desires in the matter of personal purchases has been a working force in society for all time. To save for the sake of hoarding the golden ducats is a form of insanity that has afflicted the miser of all times. To save in order to the nearest stranger is, the highest form of thrift known. And in exercising this virtue of laying aside extra dollars from our present surpluses, for the better living of society when times may not be so generous, we carry in us the marks of the true Canadian patriot.

He who loves his country is no waster. He knows his savings form the capital that makes business go. The dollar soon doubles itself and total savings of a thrifty people mark out the nation as a really great one. Love of our Canadian home land demands of every resident from the Yukon to Cape Breton, that he save his surplus, dollar against a possible rainy day. The thrifty man is one of Canada's big patriots.

## THE MAIL ORDERS.

Under the caption "Trading With the Enemy," the "Toronto Evening Telegram," Oct. 1, 1917, again points out the moral that the best way to meet the mail order competition is to fight advertising with advertising. We reprint the editorial herewith, trusting that it may make an impression on some merchants.

"Several dry loads of the trade catalogues of a well-known department store in Toronto have just been delivered in Peterborough. The post office is cluttered up with these volumes, every one of which weighs over a pound and the letter carriers are weighted down with them on their rounds. The rural mail deliverers, too, are finding their duties somewhat more than doubled for a few days in the work of distribution, as a large percentage of these catalogues go to the country.

"Every such catalogue so received is a dead loss to the city as it will divert money to Toronto, money that would be better invested at home. And the pity of it is that anything listed in the catalogue can be secured in Peterborough on terms just as advantageous as those offered by the department store. It is the advertising that draws the custom to the larger centre, and the tide can be turned by the home merchants making the same free use of printer's ink. What is true of conditions in Peterborough is true of Redcliff and scores of other towns similarly located. We verily believe—in fact we have proved it—that with a very few exceptions goods can be purchased much more cheaply and with better results right here in town than by sending away from them.

There appears to be considerable misunderstanding regarding the recent orders passed with reference to the registration of American citizens in Canada. The American Consul in Calgary has given his interpretation of the law in this respect, and we reprint his views in this issue. We would advise all interested to look the item up and familiarize themselves with its contents, as failure to comply with the requirements may lead to serious trouble and inconvenience.

The allies have captured eighteen thousand Turks in the British division in Palestine. They are getting ready for Thanksgiving Day all right. Just step right up to the counter and pick your "turk."

Iron crosses are being offered to German soldiers if they will raid French trenches. As there appears to be no growing demand for iron crosses these days, it is quite evident that the German soldiers would rather be a living Hun than a dead hero.

It is for every one of us to say how much patriotic endeavor, how much loyal sacrifice we will make by saving our money, by "doing without," so that each day will see a surplus to add to our own and the nation's strength.

The measure of your love of freedom is your willingness to deny yourself so that the strength of the nation for war effort will be increased.

There are many people who praise God from whom all blessings flow and then proceed to waste them. Don't start to celebrate too soon. That report about Canada shipping lobsters to Great Britain only refers to fish.

## CHURCH NOTICES

THE PRESBYTERIAN CHURCH. Rally Day—Sunday being the annual rally day for the Sabbath school, the congregation and the school will meet together at half past eleven forenoon. ## Sealer Rubbers do Not Spoil Fruit

After investigation, the Canada Food board has come to the conclusion that the rubber bands used on preserving jars, infected with phenol, do not harm the fruit, and that any fruit preserved in such jars must not be destroyed. The objectionable odor and taste will disappear after 24 hours exposure to the air, leaving the preserves perfectly suitable for human consumption. There is no need to destroy any such fruit, as it has not been harmed.

## GET BIG ORDER.

## Gariepy Resigns from Provincial Cabinet

Hon. Wilfrid Gariepy has resigned from the shortest government, of which he was provincial secretary. Jean Côté, member for Groulx, has been appointed to the vacancy, filling the same portfolio. Mr. Gariepy resigned because of years of business and will continue a member of the legislature.

Mr. Côté, the newly appointed minister, is a very popular member of the house, of which he has been a member since 1902. He was born May 28, 1876, at Les Éboulements, Que., and educated at the Commercial Academy, Montmagny, Que., and at Ottawa college.

### Notice of Court of Confirmation of Returns of Unpaid Taxes.

Notice is hereby given that the Judge of the District Court has appointed Tuesday, the 19th day of November, 1918, at 10 o'clock a. m., for the holding of a Court at the Court House in the City of Medicine Hat, for the confirmation of Returns of unpaid taxes made under the provisions of Section 16 of the Improvement District Act, covering the following Improvement Districts, viz:

Numbers 1, 2, 3, 4, 51, 52, 61, 62, 63, 64, 121, 122, 124, 151, 152, 154, 181, 182, 184, 211; as shown on official map.

Also for confirmation of the Returns of unpaid taxes made under the provisions of Section 11 of the Educational Tax Act, covering the following territorial units, viz:

### TOWN OF REDCLIFF.

#### REVISION OF VOTERS LIST.

The Voters' List of the Town of Redcliff is now completed, and may be inspected at the office of the Secretary-Treasurer between the hours of 9 a. m. and 5 p. m., except Saturday, and on that day between 9 a. m. and 12 noon.

Any person having the necessary qualification and whose name has been omitted from the list, is requested to immediately make application to this office, in order that his or her name may be added.

F. H. COUNTNELL,  
Secretary-Treasurer.  
September 9th, 1918.

### A WOMAN HUNG

Around her sweetheart's neck hanging him to take her '16 see Hugo Bros. Railroad Shows and Trained Animal Exhibition which will exhibit at Redcliff, Friday, October 25th, afternoon and night, rain or shine, under acres of waterproof tents. All new this year with new sets, features and wonders from all parts of the globe. The show that is different and without doubt the most moral and refined as well as educational exhibition that will visit our city this season.

There is a fascination about a tent show that appeals to everybody, makes the children happy and takes the old folks back to their childhood days. The blare of the brass bands, the trumpeting of the elephants, the roar of the lions, and the funny clowns with their comical donkeys, and the gaily dressed lady and gentleman performers; everything to make the day a happy one for all. Hugo Bros. program is made up of high class European novelties in horses, ponies, monkeys, goats, pigs, dogs, lion and elephant acts, and scores of aerial and ground gymnastics and acrobatic stunts, with a dozen or so foolish and ludicrous comedy acts by an army of funny clowns, all help to make up the two hours and a half of fun and entertainment as well as education for the old as well as the young. Don't let the children miss seeing the boxing monkeys, the baby elephant, the

educated ponies in marches and drills, and the trained dogs and goats that do everything but talk. Everybody come, bring the children and have a good time.

### Strongly Advise Fall Plowing of Gardens

"The desirableness of the autumn plowing has not been so evident for years," declares Mr. P. Abraham, chairman of the Horse Gardening and Vacant Lots Section of the Canada Food Board. "An early season to some extent minimized the loss from this pest. The time to attack the cut worms is in the fall, if next year's ravages are to be controlled. The eggs of this worm are laid in the autumn, and if after all eggs are laid, the ground is well broken up or plowed, the larvae will be so deeply buried as to destroy ninety-five per cent of them."

"I strongly advise," he added, "that every available foot of town land be plowed this fall. During the winter there will be plenty of time to organize for hating it in vegetables, or even cereals, but get as much fall plowing under as possible. Cities and towns are the only available source of surplus labor, and every ounce of food will be required."

### Prepare for the 1919 Production

The Canada Food Board says there has been no fall for slackening efforts.

The impression seems to prevail that Canada has done well enough in growing grain, and the future is assured so far as food is concerned. Such is not the case, has not been the case nor will it be for some time to come. The call is for more and yet more production, and the cry for food is still loud in the ears of Canadians.

Indeed, Canada must double its production in 1919. Let that sink in. The continent of America has promised, and must deliver 15,000,000 tons of food stuffs this coming year. In 1917-18, 10,000,000 tons were promised and will be delivered. America must produce 50 per cent more, for the allies. That's the job before the farmers and citizens of this country. The great crops of grain in the United States in 1918 may not be duplicated next year, and Canada will have to deliver a still greater share.

MAKE IMPORTANT COUNTERFEIT. Blagovishchenak, capital of the Siberian province of Amur, and also a town have been occupied by Japanese cavalry, according to information received by the Japanese embassy. Two thousand Austro-Germans were taken prisoners. They laid down their arms at Kokka.

British aviators have again bombed the railway at Metz, Sablons, and Mainz. Seventeen direct hits were obtained on Karlsruhe, according to the air communication.

Constantinople was bombed by the British air force Friday and Saturday of last week, according to an official communication issued by the admiralty last Monday.

Miss Eleanor Harbert left Friday for Toronto to resume her studies in school there.

Don't forget the annual meeting of the Red Cross in Crow's hall on Tuesday next, Oct. 1st.

The excellent music at the Amos-Edwards' adds greatly to success and enjoyment of the shows these nights.

Miss Florence Kopps left yesterday morning for Fairbairn, Minn., where she will spend the winter visiting friends.

One-fifth of Canada's returned men are being educated in Alberta, according to the statement of Principal G. E. Dulan of the Institute of Art and Technology.

Blundell's for stationery, school supplies, books, magazines, etc.

A Keatts appeared in court last Tuesday morning for neglecting to tie on his dog. Accused pleaded guilty and was taxed the costs of the court and the price of a tag.

Blundell's for toys and gifts.

Cows running at large lately have done considerable damage to gardens. In three cases this week the owners were taxed heavy damages and in one case it was necessary to call in arbitrators to settle the costs.

The members of St. Andrew's Jr. W. A. held a garden party on the vicarage grounds last Saturday afternoon. The event was well patronized and the various forms of amusement provided furnished ample opportunity for the pleasant afternoon which all had.

Hon. A. L. Sifton, who represents this constituency in the Federal house, addressed a mass meeting at Medicine Hat last Tuesday evening. As only those who had tickets were admitted and as the meeting appeared to be arranged for the convenience of Medicine Hat only, very few from here attended.

Blundell's for candies and tobacco.

Those who have gone in for chicken raising in town have had remarkable success this season, notwithstanding the high cost of hen feed. Spring chickens have developed remarkably well and indications are that they will start laying much earlier than usual. Already some have started. Mrs. Ellis is the first to report that her pullets are now laying pullets. Here started this week.

Some gardeners in town have produced wonderful vegetables this year despite the drought, and naturally those who own them are quite proud of their success. One owner had some very large beets which he was showing around among the neighbors and in his rounds called on John Rutherford. Naturally he looked for some encouragement, but it was only another case of "someone is always taking the joy out of life." John looked at the beets a moment and said: "That's nothing; they're Lilliputians compared with what I have seen in Spokane. Down there I saw a 'beet' that that two policemen could sleep on."

Mayor Hett left Monday night on a business trip to Calgary and returned the following evening.

E. L. Antinola left Tuesday afternoon for San Francisco to join Mrs. Antinola. They intend to reside in San Francisco in future.

American Consul, S. C. Root has received word from Washington, D. C. that all Americans in Canada between the ages of 19 and 44 years must register at American consulates.

Two Lethbridge men experimented with two acres of tomato plants on irrigated land this year, with the result that up to September 7 they had picked and sold more than five thousand dollars' worth of fine ripe fruit, all on the Lethbridge market.

Next Sunday will be observed as rally Sunday at the Presbyterian church. The Sunday school and congregation will unite at the morning service which will commence at 11:30. A special service will be held for the occasion.

Two Chinamen, Li Tong and Wong Hing, appeared in court Wednesday morning charged with stealing some furniture from a vacant building in town. F. B. Reid, who appeared for the defendants, asked that the case be adjourned till next Monday afternoon. The request was granted and the prisoners allowed out on bail of \$100 each.

Mrs. C. E. Duffield and family left Tuesday morning to motor to their new home in Harro, Mont. Mr. and Mrs. Duffield and family were among the first to locate here after the town started. They always took a keen interest in all movements in the town's interests and also in all social events in the interests of the young people. During their stay here they made a large circle of true friends, all of whom wish them success in their new home.

There was a noticeable decrease in the number of cars out last Sunday as a result of the request to discontinue joy riding on Sundays. However there were 4 for too many cars out at that. Among those noticed were cars No. 27874, 17263, 22791, 22391, 16392, 27269, 6429 and 7233. These were not all Redcliff cars. Some were from Medicine Hat and they evidently came out here where they thought they were not known to do their pleasure riding.

**Kitchener was right**

when he said—

"Either the Civilian population must go short of many things to which it is accustomed in times of peace or our armies must go short of munitions and other things indispensable to them."

NOW, the only way we can possibly live up to that obligation is by going without in order that our soldiers may have. For the money we waste is not money at all—it is equipment, clothing, shot and shell that are urgently needed in France. By denying ourselves, therefore, we enable Canada to procure to the fullest extent the materials and labor which she and our Allies need for the successful prosecution of the war. What happens when we fail to save? A pull on labor by the Government in one direction and a pull on labor by the people in the opposite

direction. Hundreds of millions of dollars are to be used to the country if goods and services can be secured only to the extent of eighty millions of dollars. So we must do everything in our power to release both goods and labor for the purposes for which Canada needs them.

WHETHER it be food, coal, wool, steel, leather, labor or transportation, the result in all cases is the same. Whoever competes with the nation by freely satisfying his own desires, selfishly appropriates to his own use that which is so urgently required for our fighting men in France.

For the sake of your country and the boys "over there," spend cautiously. Think of what Lord Kitchener has said, and ask yourself first, "Is this something I really need or can I do without it?"

## WHOLESALE EXECUTIONS NOW IN RUSSIA

Wholesale executions are proceeding in Petrograd, according to private

telegrams received in Stockholm, by way of Helsinki. During the past week 800 persons were executed and more than 40 others are on the pre-

scribed list. Most of them have already been made hostages. All persons of the rank of councillors of state have been imprisoned regardless of their political views.
